Get Involved!

Fairfield's Strategic Plan cannot be completed without the participation of residents, property owners, and other stakeholders from throughout the community. Your input and ideas are important, and the Town needs to hear what you have to say.

The first opportunity for the entire community to get involved will be two Community Workshops. The purpose of this workshop is to invite residents to provide input, before any plans or recommendations are formulated. The workshop will: (a) review the purpose of the One Town One Vision Strategic Plan, the planning process to be undertaken, and the schedule for the project; and (b) hear your views on problems, issues, and opportunities within our town.

For information and other opportunities to provide input, visit the project website at <http://www.h1planning.com/portals/fairfield/> or the Strategic Planning Committee website at www.fairfieldct.org/spc
